TWO DIVORCES ARE
GRANTED IN COURT

Defendants Default in Cases of Mollie vs Samuel Caudill and Lizzie vs LeRoy Maple

DEFENDANT IN ANOTHER DEAD

Suit Brought by Charles Merritt Against Bernice Merritt Dismissed—Dudgeon Case Tried

Several matters pertaining to divorce cases were taken up today by the court, in which two divorces were granted this morning, and the case of Margaret Dudgeon against Jasper Dudgeon, Glenwood people, was being tried, and contested by both parties.

Mollie Caudill was granted a divorce this morning from Samuel Caudill, who defaulted. She also was given the custody of a child, and restrained from remarrying for a period of two years.

The suit of Lizzie Maple against LeRoy Maple was heard, and the defendant defaulted. The court granted the plaintiff the divorce, and restored her former name of Lizzie Bryant.

In the case of Ella Smith against Wilbur Clair Smith, a divorce action pending, and for which the plaintiff filed a petition for support, the court this morning ordered the defendant to pay \$7.50 a week support and \$10 attorney fees for the plaintiff. The case for divorce will not be heard until the next term of court.

The divorce suit of Charles Merritt against Bernice Merritt was dismissed this morning by the court, on account of the death of the defendant.

The case of Margaret Dudgeon against Jasper Dudgeon, Glenwood people was being tried last and considerable interest was being displayed in this case. The plaintiff was having her action contested with a cross complaint by the defendant, who also was attempting to secure a divorce. Each of the parties have been married before, and the complaints alleged interference of their children by the former marriages. Many witnesses were in the court room for the case today.

The jury has been called for service Tuesday when the case of the State against Charles F. Ricketts, charged with unlawful possession of liquor, is scheduled for trial. The case was set for trial last week, but was delayed when another case took up more time than was expected.

LAST REGISTRATION
WILL BE HELD MONDAY

Boards Will Be In Session From 8 A. M. To 9 P. M.—Effort Made To Register All Voters

THE LAST CHANCE TO ENROLL

The precinct registration boards were ready to start today for the second and last permanent registration of voters, which will be held Monday. The boards will be in session from 8 a. m. until 9 p. m. so that every one will have an opportunity to register.

Notices of registration were posted this week in all of the precincts in the county and the inspectors all have called for their supplies.

The registration places are the same as at the first registration, with one exception. In Noble township, precinct No. 2, it was changed from the Applegate school house to Blain Reeve's residence, which is just north of the Little Flatrock Christian church.

Four thousand, nine hundred and sixty voters were registered at the first registration September 9. Both parties have been making an effort to register all the remaining voters before the last registration day. The law provides voters may register and send the blank either to the auditor, who shall deliver it to the proper precinct board, or to the registration board on registration day. The law says such registration shall be properly executed.

Agrees With Britain That Turks Should Not be Permitted in Thrace Until Peace is Made

GREEKS MUST EVACUATE

Allies Will Enter on Their Heels and in One Month Turks May Set up Civil Administration

By WEBB MILLER
(U. P. Staff Correspondent)
Paris, Oct. 7.—France backed Great Britain against the Turks today. It was officially agreed by Lord Curzon and Premier Poincare that the Kemalists shall not be permitted to enter Thrace until peace is concluded.

The Greeks, it has been decided here, must start immediately the evacuation of Thrace. The allies will enter on the heels of the departing Greeks. One month after the latter are completely out the Turks may come in and set up a civil administration.

Their armies may not enter Thrace nor cross the straits.

This was the answer to Mustapha Kemal's ultimatum.

By EDWARD BING
(U. P. Staff Correspondent)
Constantinople, Oct. 7.—Appeal to American public opinion to believe in Mustapha Kemal, in an hour when "the chances of war or peace are fifty-fifty," was made today in an exclusive statement to the United Press by a French negotiator, who was hurrying to Mudania for resumption of the armistice conference.

The allies went to the meeting place today to answer Kemal's ultimatum that he must have Thrace at once. They had instructions from their governments to refuse this demand, but to avert a clash.

The French delegate, declaring it was "a close up whether it is peace or war," vigorously upheld the Ottoman demand for Thrace, although not approving immediate occupation. A million Turks, he said, have need of Thrace for homes.

MRS. HIRAM HENLEY
DIES AT CARTHAGE

Expires of Cancer and Funeral Will be Held Monday Morning. With Burial at Shelbyville

ONE SON, 2 STEP-CHILDREN

Mrs. Hiram Henley, age about 65 years, a prominent woman of Carthage, expired Friday at her home in that place after a long illness with cancer. The funeral services will be held Monday morning at 10 o'clock at the late home in Carthage and burial will be made in the cemetery at Shelbyville.

The deceased was a native of Shelby county, and spent her earlier life near Manila. The husband, who survives, is a member of the County Council. Besides the husband, she is survived by one son, by a former marriage Warren Whitehead of Chicago.

Two step children also survive, who are Lowell Henley of Lexington, Ky., and Mrs. Leonard Clark of Miami, Florida, and a sister, Mrs. Elva Millison of Shelbyville.

REPEATS ORDER
FOR MAIL BOXES

Postoffice Department Again Emphasizes Necessity of City Patrons Providing Receptacles

TO INSURE SAFER DELIVERY

Time Lost by Carriers When Residents are Absent is Given as Another Reason for Change

Mail slots in doors or proper receptacles to hold mail must be provided at every residence within a few weeks, according to a repeated order received by the Rushville postmaster from the postoffice department in Washington. Similar instructions were sent here several weeks ago. Delivery of mail must be stopped to residences where the order is not complied with, the notice states.

According to this letter of instruction, these requirements are necessary in order to insure the delivery of mail to patrons. It will make it more convenient for the patrons if they do not at the time that the postman blows his whistle, care to respond immediately. It also insures prompt and safe delivery of mail during the absence of the patrons, avoids return of the mail to the postoffice under the same conditions and does away with the unsafe practice of placing mail under doors, in vestibules and on window sills during the absence of the patrons.

In a bulletin published by the postoffice department some time ago, the decision to require mail boxes or door slots at dwelling houses was set forth for the reason that considerable delay is often times caused to the carriers because of a lack of these facilities when patrons are absent. The bulletin also states that "it is not the desire of the department, of course, that anyone be deprived of delivery of mail by this requirement but rather it is earnestly hoped that all will see the reasonableness of it and its advantages to themselves as well as to the carrier. But if it finally becomes necessary mail delivery will be discontinued where no door-slots (preferably) or mail receptacles, are provided."

In the campaign that is being instituted by the postoffice department to facilitate the compliance with the request before December 31 a plan has been evolved by which the name of the first city in the country to report a complete list of patrons who have complied with the requirement will be published in

"TAG DAY" TO WIND
UP LOCAL APPEAL

High School Girls Sell Tags Today to Appt to Salvation Army Winter Relief Fund

TOTAL ESTIMATED AT \$600

Salvation Army "Tag Day" was being observed in Rushville today as the windup to Salvation Army week, during which an appeal has been made for funds to meet the expenses of the local corps during the winter.

It was roughly estimated today that \$600 had been raised during the week by the solicitors. Several committees composed of Rushville men made calls early in the week on friends of the Salvation Army, and Tuesday, Wednesday and Thursday, a dozen Salvation Army officers came to the city and made a house-to-house canvass. Wednesday night, George F. Casler of Indianapolis, divisional commander, lead a group of officers and other workers to Rushville, and a street meeting was held, followed by a session in the court house which was addressed by the visiting Salvationists.

The "Tag Day" was in charge of the Mrs. Nellie Havens, who enlisted approximately twenty-five high school girls who were selling "tags" to be applied to the fund of the Rushville corps.

CONVENTION FOR
TEACHERS OCT. 19

State Association Will Convene in Indianapolis For Three Day Session at Cadle Tabernacle

HAS OVER 13,000 MEMBERS

Rush County School Officials Receive Advance Notice From Secretary at Richmond

The sixty-ninth annual session of the Indiana State Teachers' Association will be held in Indianapolis October 19 to 21, with the meeting being held at the Cadle tabernacle in that city, according to announcements received by school authorities in this county.

Charles O. Williams, secretary-treasurer, of Richmond, has sent letters to the county and city superintendents urging them to enroll all of their teachers as members, and it is expected to have an enrollment of 15,000 by the time of the session.

In 1882, forty years ago, the association held its meeting in a church on Meridian street in Indianapolis, with an enrollment of 220, and the entire cost of the program was less than \$100. It is pointed out that this year, the teachers will again be assembled under one roof, with more than 13,000 members.

In the list of speakers for the program are announced the names of Ruth Bryan Owens, Alexander Powell, Edward Howard Griggs, Gilbert Parker, Allen Albert, Mark Sullivan, Richard P. Burton, John J. Tigert, William B. Owen and others. The program is being printed and will be distributed by the secretary probably on Monday.

The city schools in Rushville and also in the county usually close down for Thursday and Friday of the session, in order to give the teachers all of the time necessary at the state convention.

The membership in the association is retained at one dollar and entitles a member to all publications issued by the association. Last year 13,127 persons were enrolled with 68 counties and cities on the honor roll with a hundred percent of their teachers enrolled.

It also has been announced that a rate of one and one half fare has been obtained on all electric and steam lines, with tickets good going October 15 to 20, and returning until October 27, provided that the proper certificate signed by the school authorities is presented when the ticket is purchased.

SENTENCE SUSPENDED
FOR RUSHVILLE BOY

Russell Dagler, Held in Greensburg On Forgery Charge, Released From 2 to 14 Year Term

OTHER CASE IS PENDING

Russell Dagler of this city, who has been held in jail in Greensburg on a charge of forgery, has been released on a suspended sentence of 2 to 14 years by Judge Craig of the circuit court in that city, and Clarence Jackson of Carthage, the other youth arrested with the Rushville boy, will be given a trial when his parents arrive in Greensburg.

Mrs. Edna Dagler, mother of the Rushville boy, appeared with her son in court, and because it was his first offense, a suspension was given him, and he will have to make regular reports to Judge Sparks and Judge Craig.

Jackson's parents were notified but could not reach Greensburg until some time Saturday, and he will be given a hearing when they arrive.

The Rushville boy also was given a fine of \$10. The two were arrested after they passed a check to which the name of Frank McCorkle was signed. The arrest was made in Shuster and Epsteins store at Greensburg.

Basketball Lid Pried Off

The basketball lid in Rush county was pried off Friday night when the New Salem high school team defeated the Center high school, 31 to 17, on the floor in New Salem. The New Salem grade team also defeated the Andersonville team in the preliminary game. Most teams in the county do not begin their schedules until November this year.

LONG DRY SPELL
IS BROKEN HERE

First Rain For A Month Falls Friday Night And Is General Over County

WHEAT SOWING IS DELAYED

Moisture Benefits Grain That Is Sowed And Will Help Pastures That Were Drying Up

The extended drouth in Rush county adn brought smiles to the general rain visited all parts of the county and brought smiles to the faces of farmers who have suffered considerable losses because of the long dry spell.

The first rain in the county for a month fell along the western border Friday. Reports from the vicinity of Arlington were to the effect that water was standing in the roads, but that the rain had stopped at Mud creek and did not extend any farther east.

Word from every town in the county this morning indicated that the rain was general. It was heavier in some places than in others. At New Salem, the report was that enough rain had fallen "to lay the dust", but in the northern part of the county rain was still falling at nine o'clock.

A downfall, little short of cloud-burst hit Rushville and vicinity soon after six o'clock Friday evening. During the night here there was a gentle soaking rain that will be of great benefit to the soil.

Pastures have been short due to discouraged by the long period of dry weather which has delayed the sowing of wheat and ripened the corn prematurely. The quick development of the corn has made it chaffy and will reduce the yield of what Rush county farmers expected to be a bumper crop. Indications are now that the average will fall below forty-five bushels an acre, the average for last year.

Farmers who sowed their wheat during the dry weather were pleased with the rain because the grain was badly in need of moisture.

Pastures have been short due to the drouth and were of little feed value. The rain will be of immense benefit to them.

CONVENTION MAY BE
A POLITICAL FACTOR

Campaign Managers Will Watch Legion Meeting In New Orleans Closely Activities Of American

WILL ELECT NEW COMMANDER

(By United Press)
Washington, Oct. 7.—Coming just before the November election, the American Legion national convention at New Orleans Oct. 16 may prove an important factor in the political situation.

Campaign Managers of the two major parties, and particularly the Republicans will watch the convention closely for evidence as to the political temper of the veterans. The party leaders frankly wonder what the effect of President Harding's veto of the bonus bill will be. Next to getting a line on the "political temper" of the legionnaires, Republican leaders are interested in the election of a new commander to succeed Hanford MacNider.

Supporters of the administration within the ranks of the convention delegates are now organizing for a determined attempt to secure election of the anti-bonus man.

RAIN MAY HALT
THE FOURTH GAME

Drizzle Falling In New York And Showers Are Predicted For This Afternoon

FRIDAY'S GAME A RECORD

Largest Attendance In History Of World Series When Fans Threaten Boycott

(By United Press)

New York Oct. 7.—A light rain was falling here at 8 o'clock this morning.

No announcement on whether this would cause the postponement of the fourth game of the Giant-Yankee series was made.

Showers were predicted for afternoon.

By FRANK M. GETTY
(U. P. Staff Correspondent)

New York, Oct. 7.—Organized baseball has proved that it can be a punch. The crowd that was going to boycott the game helped break all records for world's series attendance yesterday.

When Jack Dempsey walked to his corner after the second round of a memorable battle at Boyle's Thirty Acres a year ago last July, having been rocked on his heels by a terrific punch from Carpentier, he said to his seconds:

"If that's his right, I can take it". Thereafter he packed a punch of his own in both hands to such effect that it was all over in four rounds.

Organized baseball received a tremendous black eye in the second round of the current world's series when Thursday's game was called because of darkness while yet, in the opinion of many fans, there was light.

But it weathered the storm, came up smiling in the third, and packed the stands with a capacity crowd.

The series has survived its scandal.

And, to strain our metaphor a bit, it looks as though the present world's title contest will be all over in four rounds.

The Giants should win four straight.

Not on paper, perhaps, but on the level greensward of the Polo Grounds where they are showing a brand of winning baseball that makes the Yankee efforts appear half hearted. McGraw's men give the impression that they are employing heart as well as sinews; the Huggins clan seems to lack a vital spark.

RICHLAND MAN DIES
AT AGE OF 96 YEARS

James Harvey Pickrell was Believed to Have Been Oldest Male Resident of County

WOULD HAVE BEEN 97 SOON

James Harvey Pickrell, probably the oldest male citizen of Rush county, would have been 97 years old in December, expired at the home of his son, James Pickrell, a mile north of Richland, Friday afternoon about three o'clock, death resulting from complications arising with old age.

The deceased was a native of Kentucky, and his parents were Richard and Barbara Pickrell of Virginia. He had resided in Rush county for a great number of years, and was well known in the southern part of the county.

The deceased was born in December 1825, and soon would have rounded out a complete cycle. His wife expired in 1911, and since that time he had been living with his son.

The funeral services will be held Sunday afternoon at two o'clock at the late home, and burial will be made in the Methodist cemetery at Richland. The son at whose home he resides, and another son, are the only near survivors.

WHAT IS A ONE CENT SALE ?

It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration: The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merits of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1 cent. It costs money to get new customers, the loss taken on this sale will be well spent if the goods please you.

THE CHRISTIAN'S MISSION:
—Preach, saying, The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils; freely ye have received, freely give.—Matthew 10: 7, 8.

Raiding Federal Funds

The desire to shift the burden of taxation, inspired by the desire to get something for nothing, has caused individuals, organizations, communities and states to appeal to their federal representatives in congress for national appropriations for undertakings of a more or less local nature.

Congress gets the blame, but the congressman has ever before him the desire to please his constituents and thereby perpetuate himself in office. The real fault for the raids on federal funds, however, lies with the source of the demands.

Almost every measure now pend-

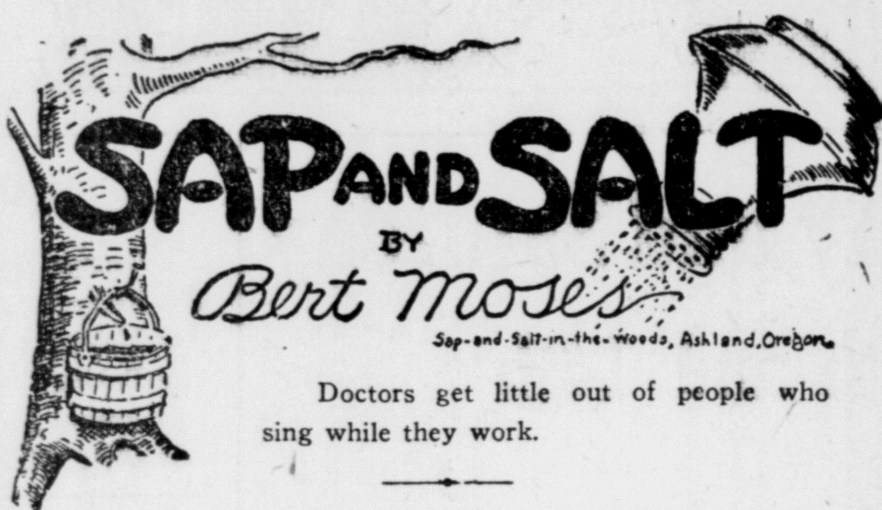

ing before congress, as one senator recently pointed out, calls for an appropriation. Although congress is vested with the power to make appropriations, no congressman is anxious to spend all of the public funds but he still have to pay heed to those who elect him.

In practically every instance, the demand for appropriations originates not with members of congress, but with the people out in the several states. The same sort of an appeal that originates in one locality originates in a thousand others.

It is needless to recount the various purposes for which these appropriations are asked. There is the demand for federal funds to control almost every pest to which agricultural crops of every kind are

subject. There is the ever-growing demand that the United States government shall supply not only supervision but direct assistance in controlling almost every form of human disease. The United States government now controls the enforcement of the liquor laws which was formerly left to the states and municipalities. Through the federal trade commission the government is attempting to diminish fraud. The government has joined with the states in a cooperative system of highway improvement. It has also joined with the states in a cooperative plan for proper medical attention in maternity cases. It is proposed that the government shall erect a public building in every city or town having a first, second or third class postoffice. It is proposed that the government shall extend its work in the construction of internal canals; that the government shall undertake the protection of the banks of the Mississippi; that the government shall expend more millions on Muscle Shoals.

These are only a few of the projects which call for new or larger sums from the federal treasury,

Faith and forgetfulness are highly essential to the enjoyment of hash.

HEZ HECK SAYS:

"Methuselah probably lived to be 900 because he had so much time to let his troubles work themselves off"

and many of them have merit. But they indicate the reason why government expenditures continue to grow.

In the ultimate analysis, responsibility for large appropriations rests not with congress but with the citizenship of the country. It is useless to write to members of congress in opposition to large appropriations in general but at the same time write to them in favor of particular appropriations. The two positions are inconsistent and irreconcilable. Federal appropriations will become materially less or the increase will be checked only when individual citizens in large numbers write to their senators and congressmen protesting against, instead of favoring, the specific schemes advanced upon the mistaken theory that the public can get something from the United States government without paying for it. Payment must be made in some form or other and federal taxation is quite often the most expensive means of paying.

TO GIVE PAGE RANK WORK

Rushville K. of P. Team to Present it in Amplified Form

Work in the Page Rank, in the amplified form, will be given at the meeting of the Knights of Pythias lodge at a he Pythian building here next Monday evening at 7:30 o'clock.

Six candidates from Milroy will be given the work by the Rushville dergee staff, which has a wide reputation for its presentation of the Page Rank in the more elaborate form.

The candidates will be initiated for the Milroy lodge. Music will be provided by the McGinnis orchestra of this city.

Goshen, Ind., Oct. 7—Preacher Culp of Spring Valley Ohio fame shed his ministerial robes today and put on overalls.

The man who left his wife and nine children, eloped with an 18-year-old girl from his congregation, and then returned and was reconciled with his first love, became a cabinet maker.

He said he's ready to start life anew—"born again" in a material sense. He consented to return to Xenia, O., Oct. 10 and face an indictment charging him with removing mortgaged property from the state. The flivver chariot in the cosmic love affair was mortgaged.

WOODSON C. BISHOP, Administrator

Safety Sam's Sermonette

It's gettin' along about th' time o' year when th' magazines is full of pictures o' beautiful autumn scenes, with a han'some closed car o' some kind as th' most prominent thing t' be seen. Anybody that had a pencil could write a reg'lar story about th' fun th' folks in th' picture was havin', revellin' among th' beauties o' Nature an' pickin' some nuts an' pawpaws b'sides; an' th' natural desire tha's stirred up in th' mind o' th' average person is t' run right down to th' dealer an' yell "Gimme one, quick!"

They's one thing, howsoever, that th' pictures don't never seem t' tell, nor th' printed stuff either, for th' matter o' that; all th' time they're showin' or tellin' how enjoyable such jaunts are, they don't never say a word about how careful th' driver's gotta be if th' party's t' reach th' said beauty spot alive! They don't say that th' car's marvelous power's liable t' affect th' sense an' judgment of a lotta drivers to such extent that they get speed crazy or that closed cars with heavy tops turns turtle easier than others; an' they don't say that a heap o' caution's needed when drivin' at night in towns or crossin' street car an' railroad tracks, in a car that's all glassed in!

Th' driver that don't double his caution in a closed car is sure runnin' a big risk that he won't survive th' trip out t' one o' them beauty spots an' back, sayin' nothin' about th' folks in th' back seat!

TWO GAMES OBTAINED
WITH MILROY HIGH

Rushville High School Basketball
Team Will Tackle Milroy In
Opening Contest Nov. 3 Here

SECOND GAME DECEMBER 16

Two basketball games with the Milroy high school have been scheduled by the school officials, and the opening game for the local school will be played here Nov. 3, with Milroy as the opponent instead of Arlington, as listed on the schedule.

On account of the small accommodation decided to be held at the Arlington gymnasium on Saturday night, December 16. The first and second teams from the two schools will take part in each game.

The game in December will follow the Connersville game here on Friday night. It is unusual for the local team to open the season with such a strong opponent, and the game no doubt will draw one of the largest crowds for the opener, as well as for the entire season, because of the rivalry existing between the two schools.

The first basketball practice will be held Monday, and one hundred candidates will be gradually sifted down to two good teams.

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Oct. 7.—First Basemen, second basemen and catchers seem to be in a position where value counts most on a ball club.

In the vote taken recently among the sport writers to decide the prize for the most valuable player in the American League, five votes each were cast for players in the above positions.

Four votes went to pitchers, four to shortstops, three to outfielders and one to third basemen.

Veteran baseball writers named twenty-seven players on their ballots and the votes in some instances were apparently placed out of sentiment rather than respect for ability.

It is rather amazing that Kenneth Williams, the great slugger of the St. Louis Browns, and Bing Miller and Walker, the long distance clouters of the Philadelphia Athletics, failed to get even a single vote when such players as Burns and Pratt, of the Red Sox; Muesel of the Yanks; Peck, of the Senators and Cutshaw of the Tigers were considered good enough for votes.

Teddy Hayes, former trainer of Jack Dempsey, who got the champion in shape for his fight with Carpentier, has been appointed athletic director of the new Hollywood (Cal) Athletic Club. During the war he was physical director of the Great Lakes Naval Training station and had charge of thousands of men. He is well qualified for his new position and ought to make good.

In the normal process of events Yale ought to have a very difficult time in developing a successor for Malcolm Aldrich, the great captain of the 1921 varsity eleven. Reports from New Haven indicate that Newell Niedlinger may make the Elis forget Aldrich. He understudied Aldrich last season and he had about as much chance to shine as the substitute shortstop of the New York Yankees.

For sour faces and mournful tongues, the usual run of college football coaches are the champions of all weights and all classes.

Bob Folwell, head of the Navy football department, was the first big one to bay to the skies this fall. "We lost our whole line and we'll have a tough time winning a game," he said recently to friends in Philadelphia.

With practically the whole 1921 team available—and it was a powerful organization—the prospects at West Point were indeed most rosy up until a few days ago. The Walter French, the brilliant half-back and the whole works on the offense was downed by scholastic difficulties and left the academy.

West Point hasn't an abundance of back field material and as the whole offense was built around French, the army officers will practically have to start all over. Not so good!

French, who was also a star baseball player at West Point, has signed a contract to play with the Philadelphia Athletics next season.

PAIGE

The Most Beautiful Car in America

13 Models Backed by
One Principle

The Paige and Jewett group of motor cars consists of thirteen distinct models—all Sixes—and ranging in price from \$995 to \$3350.

In this great field of choice there are standard open and closed models and very distinctive "specials" in a variety of colors. So, no matter what your purse or fancy may dictate, Paige is prepared to satisfy it with the right car at the right price. Such is the advantage of a concentrated manufacturing policy.

But whether you buy a Jewett or a Paige—standard or special—it must be a Six. For that is the one principle of engineering recognized in this factory.

As to the wisdom of this policy, there can be no question among enlightened people. Paige builds Sixes exclusively because they are more economical, more comfortable, more dependable and most efficient. Sixes do beat fours.

We invite you to inspect this great line of motor cars.

The thirteen Paige-Jewett Passenger cars follow:

JEWETT—5-Passenger Touring, \$995; 3-Passenger Roadster, \$995; 5-Passenger Special, \$1095; 4-Passenger Coupe, \$1445; 5-Passenger Sedan, \$1465. PAIGE—7-Passenger Touring, \$2195; 4-Passenger Sport, \$2245; 7-Passenger Special, \$2395; 4-Passenger Special, \$2445; 3-Passenger Dayton Roadster, \$2495; 5-Passenger Coupe, \$3100; 7-Passenger Sedan, \$3155; Limousine, \$3350.

The Difference In
Advertising Is The
Difference In Men

Of itself, advertising is little. And the difference in it are the differences which exist in men.

Just as some men are strong and virile and interesting, so is some advertising. And just as some men are ineffectual and weak and boring, so is some other advertising.

"Does it pay to advertise?" It pays those men who are keen enough students of the public to make it pay them. It pays those men who are truthful,

sincere, interesting and believable.

It pays the men whose product deserves the payment, whose brains are keen enough to organize for success and judge enough of the human mind to know how to tell their story with sincerity and interest.

So when you judge advertising judge it by how it is used and by whom — not of itself and of itself alone.

Remember, an ugly man looks just as ugly in a mirror.

TAIL LIGHTS PLAY SUNDAY

To Meet Team of Versailles and Osgood Players Sunday

The Tail Lights will play another game if the weather permits, when they will take a fast team down to Versailles Sunday to meet a team composed of Osgood and Versailles players. The local team has been promising the Ripley county managers a game down there for several years, and decided to take them up on a proposition for tomorrow. The Ripley county team has always been a fast aggregation, but Rushville in the last few games has won out by a few point margin.

Hobart and Byrne will form the local battery tomorrow, and it is expected that several machine loads of fans will accompany the team.

FRIENDS DENY THE REPORT

Say Ex-Kaiser Did Not Undergo A Gland Operation

Berlin, Oct. 7.—Reports from unidentified sources that the ex-Kaiser Wilhelm, in view of his approaching marriage had under gone a gland operation for the purpose of "rejuvenation" stirred circles close to the former monarch to indignant denial today.

The report was characterized as "pure swindle" by sources intimately acquainted with the ex-kaiser. Friends declare Wilhelm has no need of such an operation, that he is in the best of health, and has not seen a doctor for several months.

GRAND JURY MEETS NOV. 8

Indianapolis, Oct. 7.—The next session of the federal grand jury probably will begin November 3, it was learned. Cases arising from Lake county raids by prohibition agents will be considered. District Attorney Elliott said liquor cases will take up greater part of the session.

BASKET BALL GOODS

THE WILSON J4 OFFICIAL BASKET BALL is the liveliest ball made, because—

It's exclusive patent lining prevents any stretching or bulging. It holds more air under a greater pressure than an unlined ball. The unlined ball stretches and cannot retain its life. This ball has been adopted as official by many of the most prominent colleges and other athletic organizations. IT'S A REAL BALL.

SPENT HALF HER TIME IN BED

Farmer's Wife Tells How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman

Carter's Creek, Tenn.—"Three years ago I was almost an invalid. I spent half of my time in bed, being afflicted with a trouble which women of a certain age are apt to have. I took Lydia E. Pinkham's Vegetable Compound Tablets and used Lydia E. Pinkham's Sanative Wash. I am a well woman now and have been for two years. I can work as well as any one who is younger and as I am a farmer's wife I have plenty to do for I cultivate my own garden, raise many chickens and do my own housework. You may publish this letter as I am ready to do anything to help other women as I have been so well and happy since my troubles are past."—Mrs. E. T. GALLOWAY, Carter's Creek, Tenn.

Most women find plenty to do. If they are upset with some female ailment and troubled with such symptoms as Mrs. Galloway had, the smallest duty seems a mountain.

If you find it hard to keep up, if you are nervous and irritable, without ambition and out of sorts generally, give the Vegetable Compound a fair trial. We believe it will help you greatly, for it has helped others.

Dream Came True But Wife's Message Was Late

Indianapolis Ind., Oct 7—A dream that something would befall her husband prompted Mrs. Clarence Chambers to wire him to come home immediately from Chattanooga, Tenn., where he was to end his career as an aerial daredevil with one last parachute leap.

Her telegram was too late. At the moment it was ticking over the wires, Daredevil's body struck the Tennessee river. It had not yet been recovered early today.

"I dreamed of it and became so nervous that I wired him not to make the leap, but to come home at once," the heartbroken wife said at the Chambers home here. The two children were standing near her.

"He said this was to be his last leap, that he would settle down to private life. I guess my wire reached him too late."

Chambers had made parachute leaps throughout Indiana. He held the world's altitude record at 2,400 feet until an eastern leaper left his baloon at 2,600 feet. Chambers ators at the rate of nearly 100 a day, leaped 2,400 feet at Centerpoint, near Brazil.

WINS ANOTHER VICTORY

Mrs. Anna U. Stillman Gets Decision Approving Findings

White Plains, N. J., Oct. 7.—Mrs. Anna U. Stillman won another victory in her divorce proceedings when Supreme Court Justice Morschauser handed down a decision approving and confirming the findings and recommendations of Referee Gleason.

In his decision Gleason had held that Baby Guy Stillman was a legitimate son of James A. Stillman, New York banker; that Mrs. Stillman was not guilty of infidelity; that Stillman had been guilty of misconduct and that Stillman was not entitled to a divorce.

THE AUTOMOBILE FOOT

Chicago, Oct. 7—Dr Charles Cross of San Francisco, attending the convention of physical therapists here announced the latest affliction—the automobile foot.

Cross declared that the automobile is caused by the driver holding the foot for long periods on the pedals. This causes a lesion usually located at the second toe.

The motorist may feel pain across the ball of the foot long before he realizes what is the matter, Cross said.

"Pointed shoes cause the bones in the foot to fold over each other," Cross said. A forceful pushing of the pedal may be the first cause of the automobile foot.

"Limousine foot" is still another affliction. This is caused by too little walking, the doctor said.

100 CONVICTIONS A DAY

Pilgrims Knew the Bible

Three hundred years ago a little band of men and women lived on faith and hard work in the forests of Massachusetts. They are known now as Pilgrims because they sailed from England to find a place to worship God without restraint. They brought their pastor with them—few modern immigrants do.

Bible Develops Character

The Pilgrims were poor and unlearned, but they knew the Bible. That knowledge developed a type of character we all admire! These first settlers would not be known to posterity had they not been so well acquainted with their Bible. Is your Bible a parlor ornament, a study book? Read it today around the family lamp. Read it every day.

BRONZE TROWEL IS GIFT OF HARDINGS

Used to Lay Cornerstone of James Whitcomb Riley Hospital For Children in Indianapolis

RUSH COUNTY REPRESENTED

Hundreds of Organizations Also Send Representatives to the Ceremonies Today

A bronze trowel, the gift of President and Mrs. Warren G. Harding, was used to lay the corner stone of the James Whitcomb Riley Hospital for children in Indianapolis this afternoon, the anniversary of the birth of the famed Hoosier poet. Every county in the state was expected to be officially represented by a school girl at the ceremonies and the name of the representative, together with the name of the county, was to be deposited in the cornerstone, there to remain as long as the hospital itself stands. Ruth A. Henley of Carthage age fourteen years, represented this county.

Hundreds of organizations throughout the state also will be represented at the ceremonies according to word received at the state campaign headquarters here for the hospital. Officers of every club and organization in the state were invited to personally sign their signatures and their organization on a parchment paper which also was to be placed in the cornerstone. Ministers of all churches in the state also were specially invited to attend the ceremonies.

A Riley birthday memorial luncheon was held at the Riley Room, Claypool Hotel, at noon, preceding the ceremonies, for which arrangements are being made by Governor Warren T. McCray in co-operation with special committees. All county chairmen for the hospital campaign and the presidents of all Kiwanis and Rotary clubs in the state were invited as special guests.

The Riley hospital will be a \$2,000,000 institution. While the hospital will be maintained by the state after it is completed the money for the actual construction of the buildings must be raised by popular subscription. Many state and local organizations are making or planning gifts to this state wide fund.

One of the most effective working organizations ever formed for a campaign in Indianapolis and Marion county is wholeheartedly backing the Riley hospital movement. Clubs and organizations, individuals nearly every one, has caught the spirit. All workers are volunteers. It is truly remarkable. The Rotary club of Indianapolis alone has set out to raise a \$100,000 fund as a memorial to their individual club, the first 18 men subscribed \$20,000. The Kiwanis Club plans to raise a larger amount from its Indianapolis club and many thousands more from the activity of their respective clubs in the state.

The Optimist club already has many contributions: the Exchange Club, the Gyo' club, the Service club, in fact almost every club in the city has pledged its help. The Indianapolis lodge of Elks is planning to raise a fund as a memorial to Indianapolis Elks, a special committee of the lodge already having given its whole-hearted approval to the plan; Indianapolis school teachers, through a committee representing the schools, have given their approval to a plan for a memorial to teachers to cost many thousands; more than seventy-five women's organizations of the city and county will consider the memorial plan, many already having acted favorably.

On every hand there is a co-operative feeling. The appeal of the crippled children has found a ready response and with the result that Marion county will raise its full share of the sum necessary to make the erection of the completed hospital possible. Every effort has been made to interest clubs and organizations in the memorial plan, and the fact that individual contributions in any amount to the hospital may be made over a five-year payment plan has been emphasized. When this is done, extraordinary results are possible.

A MUSEMENTS

At The Mystic Today

If all the motion pictures produced were like "The Broken Silence," the screen version of James Oliver Curwood's story which is being shown at the Mystic today, there would be no agitation for censorship or no call for "better pictures." "The Broken Silence" is as clean as the wind that blows over the silent places that James Oliver Curwood knows so well and writes about so enterprisingly.

The story tells of the love of Cameron Bruce, an officer in the Royal Northwest Mounted Police, for Jeanne Marat. Jeanne by the way, is more than ably played by the beautiful little Zena Keefe, one of the most talented artistes before the camera today, while the role of Bruce is in the capable hands of Robert Elliott. The balance of the cast includes J. Barney Sherry, known for his work in many Marshal

Neilan productions, Gypsy O'Brien whose dark beauty vividly animates the role of Marie Beauvais, Roy Gordon, and a truly remarkable child player, Master Joseph DePew.

We want to say in conclusion that we strongly recommend "The Broken Silence" to your attention. We consider it a really extraordinary picture production and feel confident that after seeing it you will agree with us.

"Experience" Coming

There are few better known than "Experience," by George V. Hobart, which was presented in New York in 1914. In George Fitzmaurice's Paramount picturization of this stage success, the story was enlarged and put into scenario form by Waldemar Young. It will be shown at the New Princess Theatre next Monday and Tuesday with a special program. As the screen affords greater

than the stage, those who have sent the play will have the added interest of seeing just how the scenario has been handled. One feature which was added, much to its value, is the character of "Gloom" which does not appear in the original play. The part is the antithesis of "Intoxication." Mr. Fitzmaurice and Mr. Young decided that "Gloom" would add a modern touch to the allegorical play that was written before the anti-liquor law went into effect.

Two acts of vaudeville which appeared at the Princess Friday will be on again this afternoon and tonight. The picture program includes Eugene O'Brien in "The Prophets of Paradise" and Dorothy Devore in "Mile-A-Minute Mary," a comedy.

Rumors Current That Automobile
Magnate Endeavoring To Buy
The Wabash And Virginia

TO GET COAL FROM HIS MINE

(By United Press)
Cleveland, Ohio, Oct. 7.—Rumors were current here today that Henry Ford is endeavoring to purchase the Wabash and Virginia railroads.

An official of one of the "big four" railroad brotherhoods told the United Press that "it was his understanding that Ford had been negotiating for the two carriers for several weeks.

Control of the Wabash and Virginian lines would give Ford clear access to Kansas City, known as the "key to the southwest" and also to Norfolk, Virginia, on the eastern coast.

Detroit, Oct. 7.—Henry Ford may buy the Wabash railroad and other railroads leading to his coal mines in the south, it was learned here today.

Purchase of the roads will furnish a connecting link with the southern coal fields via Ford's Detroit, Toledo and Ironton railroad.

Ford officials today did not deny the report, admitting that Ford was out "to prevent repetition of the trouble experienced in the recent coal shortage."

TO PASS ON THE BUDGET

Indianapolis Civic Bodies To Be Called In On Tax Rate

Indianapolis, Oct. 7.—Committees from the Chamber of Commerce, the Federation of Civic Leagues and the Board of Trade will be asked to inspect the Marion county budget and pass on the justice of refusal by county officials to abide by the order of the state tax board that the levy be cut one cent, Leo K. Fesler, auditor, said today.

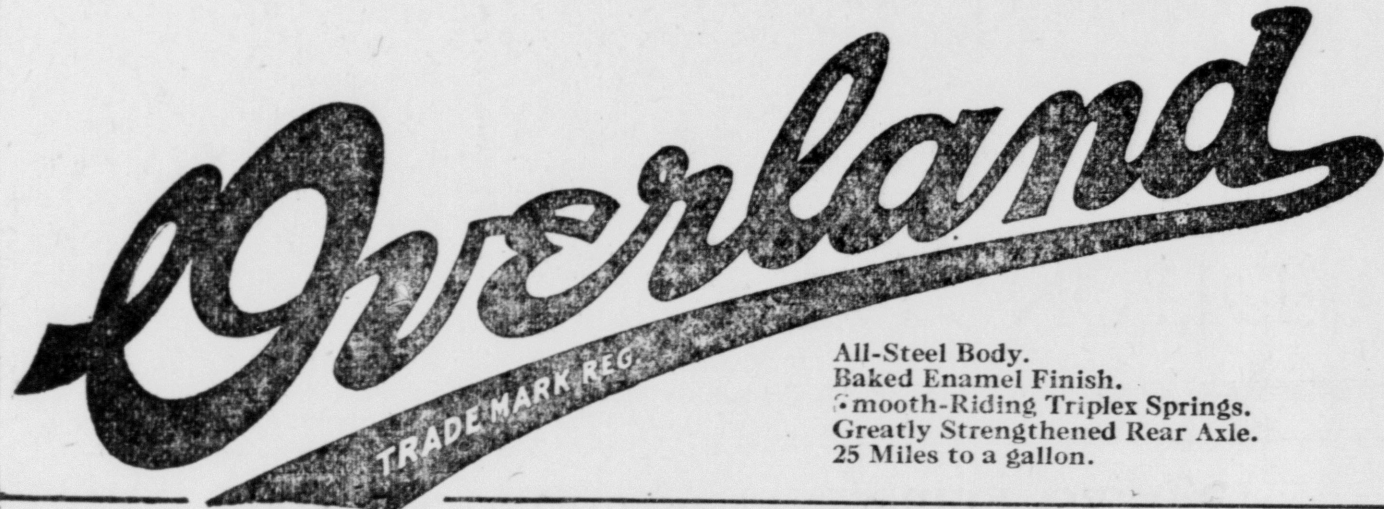

"I understand that when I act contrary to lay in refusing to abide by the decision of the tax board. I am taking the responsibility and that I am likely to be haled into court," Fesler said. "I intend to let them take me into court. Then I shall show the court that we need the proposed levy for the efficient and economical administration of affairs of the county"

TWO DIVORCES ARE GRANTED IN COURT

Defendants Default in Cases of Mollie vs Samuel Caudill and Lizzie vs LeRoy Maple

DEFENDANT IN ANOTHER DEAD

Suit Brought by Charles Merritt Against Bernice Merritt Dismissed—Dudgeon Case Tried

Several matters pertaining to divorce cases were taken up today by the court, in which two divorces were granted this morning, and the case of Margaret Dudgeon against Jasper Dudgeon, Glenwood people, was being tried, and contested by both parties.

Mollie Caudill was granted a divorce this morning from Samuel Caudill, who defaulted. She also was given the custody of a child, and restrained from remarrying for a period of two years.

The suit of Lizzie Maple against LeRoy Maple was heard, and the defendant defaulted. The court granted the plaintiff the divorce, and restored her former name of Lizzie Bryant.

In the case of Ella Smith against Wilbur Clair Smith, a divorce action pending, and for which the plaintiff filed a petition for support, the court this morning ordered the defendant to pay \$7.50 a week support and \$10 attorney fees for the plaintiff. The case for divorce will not be heard until the next term of court.

The divorce suit of Charles Merritt against Bernice Merritt was dismissed this morning by the court, on account of the death of the defendant.

The case of Margaret Dudgeon against Jasper Dudgeon, Glenwood people was being tried last and considerable interest was being displayed in this case. The plaintiff was having her action contested with a cross complaint by the defendant, who also was attempting to secure a divorce. Each of the parties have been married before, and the complaints alleged interference of their children by the former marriages. Many witnesses were in the court room for the case today.

The jury has been called for service Tuesday when the case of the State against Charles F. Ricketts, charged with unlawful possession of liquor, is scheduled for trial. The case was set for trial last week, but was delayed when another case took up more time than was expected.

LAST REGISTRATION WILL BE HELD MONDAY

Boards Will Be In Session From 8 A. M. To 9 P. M.—Effort Made To Register All Voters

THE LAST CHANCE TO ENROLL

The precinct registration boards were ready to start today for the second and last permanent registration of voters, which will be held Monday. The boards will be in session from 8 a. m. until 9 p. m. so that every one will have an opportunity to register.

Notices of registration were posted this week in all of the precincts in the county and the inspectors all have called for their supplies.

The registration places are the same as at the first registration, with one exception. In Noble township, precinct No. 2, it was changed from the Applegate school house to Blain Reeve's residence, which is just north of the Little Flatrock Christian church.

Four thousand, nine hundred and sixty voters were registered at the first registration September 9. Both parties have been making an effort to register all the remaining voters before the last registration day. The law provides voters may register and send the blank either to the auditor, who shall deliver it to the proper precinct board, or to the registration board on registration day. The law says such registration shall be properly executed.

FRANCE STANDS BY HER OLD ALLY

Agrees With Britain That Turks Should Not be Permitted in Thrace Until Peace is Made

GREEKS MUST EVACUATE

Allies Will Enter on Their Heels and in One Month Turks May Set up Civil Administration

By WEBB MILLER
(U. P. Staff Correspondent)
Paris, Oct. 7.—France backed Great Britain against the Turks today. It was officially agreed by Lord Curzon and Premier Poincare that the Kemalists shall not be permitted to enter Thrace until peace is concluded.

The Greeks, it has been decided here, must start immediately the evacuation of Thrace. The allies will enter on the heels of the departing Greeks. One month after the latter are completely out the Turks may come in and set up a civil administration.

Their armies may not enter Thrace nor cross the straits.

This was the answer to Mustapha Kemal's ultimatum.

By EDWARD BING
(U. P. Staff Correspondent)
Constantinople, Oct. 7.—Appeal to American public opinion to believe in Mustapha Kemal, in an hour when "the chances of war or peace are fifty-fifty," was made today in an exclusive statement to the United Press by a French negotiator, who was hurrying to Mudania for resumption of the armistice conference.

The allies went to the meeting place today to answer Kemal's ultimatum that he must have Thrace at once. They had instructions from their governments to refuse this demand, but to avert a clash.

The French delegate, declaring it was "a close up whether it is peace or war," vigorously upheld the Ottoman demand for Thrace, although not approving immediate occupation.

A million Turks, he said, have need of Thrace for homes.

MRS. HIRAM HENLEY DIES AT CARTHAGE

Expires of Cancer and Funeral Will be Held Monday Morning, With Burial at Shelbyville

ONE SON, 2 STEP-CHILDREN

Mrs. Hiram Henley, age about 65 years, a prominent woman of Carthage, expired Friday at her home in that place after a long illness with cancer. The funeral services will be held Monday morning at 10 o'clock at the late home in Carthage and burial will be made in the cemetery at Shelbyville.

The deceased was a native of Shelby county, and spent her earlier life near Manilla. The husband, who survives, is a member of the County Council. Besides the husband, she is survived by one son, by a former marriage Warren Whitehead of Chicago.

Two step children also survive, who are Lowell Henley of Lexington, Ky., and Mrs. Leonard Clark of Miami, Florida, and a sister, Mrs. Elva Millison of Shelbyville.

REPEATS ORDER FOR MAIL BOXES

Postoffice Department Again Emphasizes Necessity of City Patrons Providing Receptacles

TO INSURE SAFER DELIVERY

Time Lost by Carriers When Residents are Absent is Given as Another Reason for Change

Mail slots in doors or proper receptacles to hold mail must be provided at every residence within a few weeks, according to a repeated order received by the Rushville postmaster from the postoffice department in Washington. Similar instructions were sent here several weeks ago. Delivery of mail must be stopped to residences where the order is not complied with, the notice states.

According to this letter of instruction, these requirements are necessary in order to insure the delivery of mail to patrons. It will make it more convenient for the patrons if they do not at the time that the postman blows his whistle, care to respond immediately. It also insures prompt and safe delivery of mail during the absence of the patrons, avoids return of the mail to the postoffice under the same conditions and does away with the unsafe practice of placing mail under doors, in vestibules and on window sills during the absence of the patrons.

In a bulletin published by the postoffice department some time ago, the decision to require mail boxes or door slots at dwelling houses was set forth for the reason that considerable delay is often times caused to the carriers because of a lack of these facilities when patrons are absent. The bulletin also states that "it is not the desire of the department, of course, that anyone be deprived of delivery of mail by this requirement but rather it is earnestly hoped that all will see the reasonableness of it and its advantages to themselves as well as to the carrier. But if it finally becomes necessary mail delivery will be discontinued where no door-slots (preferably) or mail receptacles, are provided."

In the campaign that is being instituted by the postoffice department to facilitate the compliance with the request before December 31 a plan has been evolved by which the name of the first city in the country to report a complete list of patrons who have complied with the requirement will be published in

"TAG DAY" TO WIND UP LOCAL APPEAL

High School Girls Sell Tags Today to Appt to Salvation Army Winter Relief Fund

TOTAL ESTIMATED AT \$600

Salvation Army "Tag Day" was being observed in Rushville today as the windup to Salvation Army week, during which an appeal has been made for funds to meet the expenses of the local corps during the winter. It was roughly estimated today that \$600 had been raised during the week by the solicitors. Several committees composed of Rushville men made calls early in the week on friends of the Salvation Army, and Tuesday, Wednesday and Thursday, a dozen Salvation Army officers came to the city and made a house-to-house canvass. Wednesday night, George F. Casler of Indianapolis, divisional commander, lead a group of officers and other workers to Rushville, and a street meeting was held, followed by a session in the court house which was addressed by the visiting Salvationists.

The "Tag Day" was in charge of the Mrs. Nellie Havens, who enlisted approximately twenty-five high school girls who were selling "tags" to be applied to the fund of the Rushville corps.

CONVENTION FOR TEACHERS OCT. 19

State Association Will Convene in Indianapolis For Three Day Session at Cadle Tabernacle

HAS OVER 13,000 MEMBERS

Rush County School Officials Receive Advance Notice From Secretary at Richmond

The sixty-ninth annual session of the Indiana State Teachers' Association will be held in Indianapolis October 19 to 21, with the meeting being held at the Cadle tabernacle in that city, according to announcements received by school authorities in this county.

Charles O. Williams, secretary-treasurer, of Richmond, has sent letters to the county and city superintendents urging them to enroll all of their teachers as members, and it is expected to have an enrollment of 15,000 by the time of the session.

In 1882, forty years ago, the association held its meeting in a church on Meridian street in Indianapolis, with an enrollment of 220, and the entire cost of the program was less than \$100. It is pointed out that this year, the teachers will again be assembled under one roof, with more than 13,000 members.

In the list of speakers for the program are announced the names of Ruth Bryan Owens, Alexander Powell, Edward Howard Briggs, Gilbert Parker, Allen Albert, Mark Sullivan, Richard P. Burton, John J. Tigert, William B. Owen and others. The program is being printed and will be distributed by the secretary probably on Monday.

The city schools in Rushville, and also in the county, usually close down for Thursday and Friday of the session, in order to give the teachers all of the time necessary at the state convention.

The membership in the association is retained at one dollar and entitles a member to all publications issued by the association. Last year 13,127 persons were enrolled with 68 counties and cities on the honor roll with a hundred percent of their teachers enrolled.

It also has been announced that a rate of one and one half fare has been obtained on all electric and steam lines, with tickets good going October 15 to 20, and returning until October 27, provided that the proper certificate signed by the school authorities is presented when the ticket is purchased.

SENTENCE SUSPENDED FOR RUSHVILLE BOY

Russell Dagler, Held In Greensburg On Forgery Charge, Released From 2 to 14 Year Term

OTHER CASE IS PENDING

Russell Dagler of this city, who has been held in jail in Greensburg on a charge of forgery, has been released on a suspended sentence of 2 to 14 years by Judge Craig of the circuit court in that city, and Clarence Jackson of Carthage, the other youth arrested with the Rushville boy, will be given a trial when his parents arrive in Greensburg.

Mrs. Edna Dagler, mother of the Rushville boy, appeared with her son in court, and because it was his first offense, a suspension was given him, and he will have to make regular reports to Judge Sparks and Judge Craig.

Jackson's parents were notified but could not reach Greensburg until some time Saturday, and he will be given a hearing when they arrive. The Rushville boy also was given a fine of \$10. The two were arrested after they passed a check to which the name of Frank McCorkle was signed. The arrest was made in Shuster and Epsteins store at Greensburg.

Basketball Lid Pried Off

The basketball lid in Rush county was pried off Friday night when the New Salem high school team defeated the Center high school, 31 to 17, on the floor in New Salem. The New Salem grade team also defeated the Andersonville team in the preliminary game. Most teams in the county do not begin their schedules until November this year.

LONG DRY SPELL IS BROKEN HERE

First Rain For A Month Falls Friday Night And Is General Over County

WHEAT SOWING IS DELAYED

Moisture Benefits Grain That Is Sowed And Will Help Pastures That Were Drying Up

The extended drouth in Rush county adn brought smiles to the general rain visited all parts of the county and brought smiles to the faces of farmers who have suffered considerable losses because of the long dry spell.

The first rain in the county for a month fell along the western border Friday. Reports from the vicinity of Arlington were to the effect that water was standing in the roads, but that the rain had stopped at Mud creek and did not extend any farther east.

Word from every town in the county this morning indicated that the rain was general. It was heavier in some places than in others. At New Salem, the report was that enough rain had fallen "to lay the dust", but in the northern part of the county rain was still falling at nine o'clock.

A downfall, little short of cloud-burst hit Rushville and vicinity soon after six o'clock Friday evening. During the night here there was a gentle soaking rain that will be of great benefit to the soil.

Pastures have been short due to discouraged by the long period of dry weather which has delayed the sowing of wheat and ripened the corn prematurely. The quick development of the corn has made it chaffy and will reduce the yield of what Rush county farmers expected to be a bumper crop. Indications are now that the average will fall below forty-five bushels an acre, the average for last year.

Farmers who sowed their wheat during the dry weather were pleased with the rain because the grain was badly in need of moisture.

Pastures have been short due to the drouth and were of little feed value. The rain will be of immense benefit to them.

CONVENTION MAY BE A POLITICAL FACTOR

Campaign Managers Will Watch Legion Meeting In New Orleans Closely Activities Of American

WILL ELECT NEW COMMANDER

(By United Press)
Washington, Oct. 7.—Coming just before the November election, the American Legion national convention at New Orleans Oct. 16 may prove an important factor in the political situation.

Campaign Managers of the two major parties, and particularly the Republicans will watch the convention closely for evidence as to the political temper of the veterans. The party leaders frankly wonder what the effect of President Harding's veto of the bonus bill will be. Next to getting a line on the "political temper" of the legionnaires, Republican leaders are interested in the election of a new commander to succeed Hanford MacNider.

Supporters of the administration within the ranks of the convention delegates are now organizing for a determined attempt to secure election of the anti-bonus man.

RAIN MAY HALT THE FOURTH GAME

Drizzle Falling In New York And Showers Are Predicted For This Afternoon

FRIDAY'S GAME A RECORD

Largest Attendance In History Of World Series When Fans Threaten Boycott

(By United Press)
New York Oct. 7.—A light rain was falling here at 8 o'clock this morning.

No announcement on whether this would cause the postponement of the fourth game of the Giant-Yankee series was made.

Showers were predicted for afternoon.

By FRANK M. GETTY.
(U. P. Staff Correspondent)

New York, Oct. 7.—Organized baseball has proved that it can be a punch. The crowd that was going to boycott the game helped break all records for world's series attendance yesterday.

When Jack Dempsey walked to his corner after the second round of a memorable battle at Boyle's Thirty Acres a year ago last July, having been rocked on his heels by a terrific punch from Carpentier, he said to his seconds:

"If that's his right, I can take it." Thereafter he packed a punch of his own in both hands to such effect that it was all over in four rounds.

Organized baseball received a tremendous black eye in the second round of the current world's series when Thursday's game was called because of darkness while yet, in the opinion of many fans, there was light.

But it weathered the storm, came up smiling in the third, and packed the stands with a capacity crowd.

The series has survived its scandal.

And, to strain our metaphor a bit, it looks as though the present world's title contest will be all over in four rounds.

The Giants should win four straight.

Not on paper, perhaps, but on the level greensward of the Polo Grounds where they are showing a brand of winning baseball that makes the Yankee efforts appear half hearted. McGraw's men give the impression that they are employing heart as well as sinews; the Huggins clan seems to lack a vital spark.

RICHLAND MAN DIES AT AGE OF 96 YEARS

James Harvey Pickrell was Believed to Have Been Oldest Male Resident of County

WOULD HAVE BEEN 97 SOON

James Harvey Pickrell, probably the oldest male citizen of Rush county, would have been 97 years old in December, expired at the home of his son, James Pickrell, a mile north of Richland, Friday afternoon about three o'clock, death resulting from complications arising with old age.

The deceased was a native of Kentucky, and his parents were Richard and Barbara Pickrell of Virginia. He had resided in Rush county for a great number of years, and was well known in the southern part of the county.

The deceased was born in December 1825, and soon would have rounded out a complete cycle. His wife expired in 1911, and since that time he had been living with his son.

The funeral services will be held Sunday afternoon at two o'clock at the late home, and burial will be made in the Methodist cemetery at Richland. The son at whose home he resides, and another son, are the only near survivors.

SPENT HALF HER TIME IN BED

Farmer's Wife Tells How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman

Carter's Creek, Tenn.—"Three years ago I was almost an invalid. I spent half of my time in bed, being afflicted with a trouble which women of a certain age are apt to have. I took Lydia E. Pinkham's Vegetable Compound Tablets and used Lydia E. Pinkham's Sanative Wash. I am a well woman now and have been for two years. I can work as well as any one who is younger and as I am a farmer's wife I have plenty to do for I cultivate my own garden, raise many chickens and do my own housework. You may publish this letter as I am ready to do anything to help other women as I have been so well and happy since my troubles are past."—Mrs. E. T. GALLOWAY, Carter's Creek, Tenn.

Most women find plenty to do. If they are upset with some female ailment and troubled with such symptoms as Mrs. Galloway had, the smallest duty seems a mountain. If you find it hard to keep up, if you are nervous and irritable, without ambition and out of sorts generally, give the Vegetable Compound a fair trial. We believe it will help you greatly, for it has helped others.

The Misses Sadie and Maggie Gilson, entertained with a chicken dinner Friday at their country home north of Rushville, in honor of Mr. and Mrs. William Lewark of this city, who are leaving next week for Florida, to spend the winter.

The Y. P. C. U. of the First United Presbyterian church held their regular business and social meeting Friday evening in the parlors of the church. During the business hour several matters pertaining to the organization were discussed and a very delightful social hour was enjoyed afterward. Delicious refreshments were served.

Mrs. Amanda Bert of Arlington, president, Mrs. John Cooning, Mrs. Wade Sherman, Mrs. Margaret English and Mrs. Charles Moore, all representatives of the local War Mothers have returned to their homes from Indianapolis where they attended the State convention of War Mothers, this week. Among the entertaining features for the different sessions were talks by Senator James E. Watson and Former Senator Beveridge and a luncheon Wednesday noon in the Severin hotel. The state president, Mrs. Daisy Douglas Barr, of Newcastle, was re-appointed to serve as president for the ensuing year. The convention ended Thursday.

The Delphian Society held their first meeting of the year Friday afternoon in the Elks club rooms in East Second street. The subject for discussion was "Dramatic Instincts and the Earliest Real Drama", the leader being the president Mrs. Cullen Sexton. The talks on the subjects were as follows: "Greek Drama At Athens", Mrs. Chas Mauzy; "Aeschylus Life and Work", Mrs. John Cassidy; "The Story of Prometheus", Mrs. Curt Hester; "The Story of Agamemnon", Mrs. Will Amos;

DISCUSS PLANS FOR NEW REFORMATORY

Thirty First Annual State Charities Conference Opened Today At South Bend, Ind.

HEALTH TO BE CHIEF TOPIC

South Bend, Ind., Oct. 7.—Plans for meeting the problems of the new Indiana Reformatory were discussed here today by George A. H. Shidler, superintendent at the thirty first annual state charities conference here today.

The meeting will last three days. Health and social service problems will be the chief topic for discussion.

"At tomorrow's meeting Gov. McCray will address the conference on the "Practical Side of Public Charities." Other prominent speakers will be Homer Folks, president of the National Conference of Social Work; of New York city; Alexander Johnson, of Fort Wayne; R. William King, secretary of the state board of health; Miss Grace Abbott, chief of the children's home bureau at Washington.

"The Drama of Prometheus", Mrs. Robert Mansfield. The next meeting of the society will be held the third Friday in this month.

Mrs. George F. Moore will entertain the members of the O. N. T. club Tuesday afternoon, at her home, 341 East Sixth street.

Mrs. G. V. Conway was hostess to the members of the Thimble Club Friday, when she entertained the members of the Thimble Club one o'clock luncheon at her home in North Main street.

Dream Came True But Wife's Message Was Late

Indianapolis Ind., Oct 7.—A dream that something would befall her husband prompted Mrs. Clarence Chambers to wire him to come home immediately from Chattanooga, Tenn., where he was to end his career as an aerial daredevil with one last parachute leap.

Her telegram was too late. At the moment it was ticking over the wires, Daredevil's body struck the Tennessee river. It had not yet been recovered early today.

"I dreamed of it and became so nervous that I wired him not to make the leap, but to come home at once," the heartbroken wife said at the Chambers home here. The two children were standing near her.

"He said this was to be his last leap, that he would settle down to private life. I guess my wire reached him too late."

Chambers had made parachute leaps throughout Indiana. He held the world's altitude record at 2,400 feet until an eastern leaper left his balloon at 2,600 feet. Chambers leaped 2,400 feet at Centerpoint, near Brazil.

Rumors Current That Automobile
Magnate Endeavoring To Buy
The Wabash And Virginia

TO GET COAL FROM HIS MINE

(By United Press)
Cleveland, Ohio, Oct. 7.—Rumors were current here today that Henry Ford is endeavoring to purchase the Wabash and Virginia railroads.

An official of one of the "big four" railroad brotherhoods told the United Press that "it was his understanding that Ford had been negotiating for the two carriers for several weeks. Control of the Wabash and Virginian lines would give Ford clear access to Kansas City, known as the "key to the southwest" and also to Norfolk, Virginia, on the eastern coast.

Detroit, Oct. 7.—Henry Ford may buy the Wabash railroad and other railroads leading to his coal mines in the south, it was learned here today.

Purchase of the roads will furnish a connecting link with the southern coal fields via Ford's Detroit, Toledo and Ironton railroad.

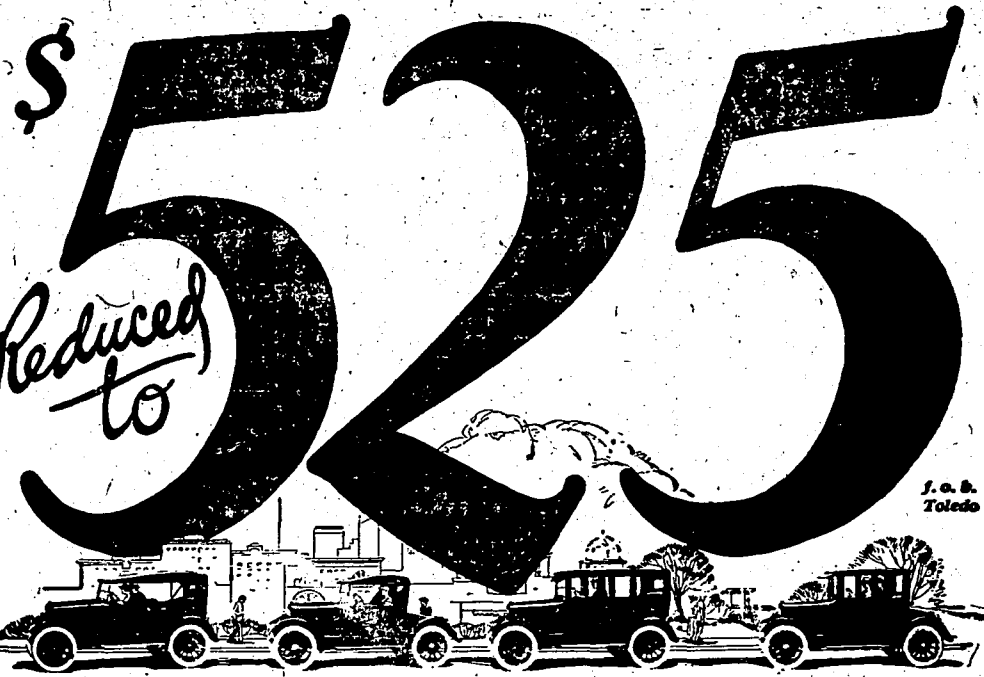

Ford officials today did not deny the report, admitting that Ford was out "to prevent repetition of the trouble experienced in the recent coal shortage."

TO PASS ON THE BUDGET

Indianapolis Civic Bodies To Be Called In On Tax Rate

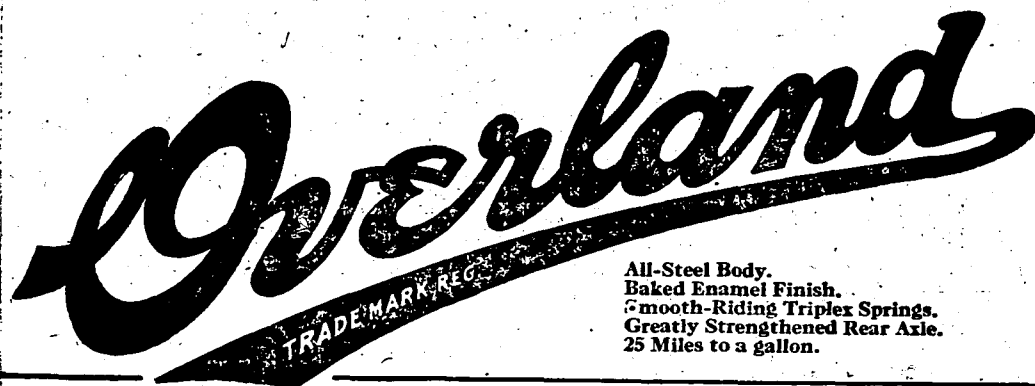

Indianapolis, Oct. 7.—Committees from the Chamber of Commerce, the Federation of Civic Leagues and the Board of Trade will be asked to inspect the Marion county budget and pass on the justice of refusal by county officials to abide by the order of the state tax board that the levy be cut one cent, Leo K. Fesler, auditor, said today.

"I understand that when I set contrary to lay in refusing to abide by the decision of the tax board. I am taking the responsibility and that I am likely to be hauled into court," Fesler said. "I intend to let them take me into court. Then I shall show the court that we need the proposed levy for the efficient and economical administration of affairs of the county"
